

BRANT HALDIMAND NORFOLK  
CATHOLIC DISTRICT SCHOOL BOARD

## Update for Families – January 20, 2021

This evening, we were informed through a released statement from the Minister of Education that the Ministry has opted to extend our period of remote learning and we will not be returning to face-to-face learning on Monday, January 25, 2021 as expected.

The information did not provide a scheduled return date. As soon as we receive any new details, we will share them with families.

There will be no change to any of the delivery models for the duration of the remote learning period. Although we know that this is disappointing for many, and some families will experience additional challenges, we are committed to offering meaningful remote learning and will continue to answer any questions that you may have.

If you have any questions about technology or devices, please call or email the BHNCD SB Help Desk at 519-756-6505 ext. 711 / [helpdesk@bhnacsb.ca](mailto:helpdesk@bhnacsb.ca). All other questions can be directed to your teacher or school principal.

Again, we remind families to follow the guidance of our health experts and trust that we will be back together soon.

Please stay well.

Mike McDonald, Director of Education
