

# Family and Community Communication – Confirmed Case of COVID-19 in School Community

March 16, 2021

Good Afternoon Families,

This is John McDermid, Principal of Holy Cross School. I am reaching out with an important message.

This afternoon, the Brant County Health Unit confirmed two (2) cases of COVID-19 in our school community. Understandably, for privacy reasons, the identity of these individuals will not be disclosed. These individuals have been directed by the health unit to self-isolate.

**Please note: the Brant County Health Unit did NOT identify any close contacts within our school community to these COVID-19 cases as the individuals were not in contact with any other school community individual during their period of communicability. At this time, no one else from the school has been directed by the health unit to stay home and self-isolate.**

If further students or staff are impacted, the Brant County Health Unit will let us know as soon as possible.

As always, all Holy Cross students and staff are asked to monitor their health. If symptoms consistent with COVID-19 develop, or you feel that you may have been exposed to COVID-19, please contact your primary health care provider as you may need to be tested.

Our school remains open to all individuals, not asked by Public Health to self-isolate. Brant Haldimand Norfolk Catholic District School Board custodians continue to complete their disinfecting of our school throughout the day and each evening.

Holy Cross staff will work with students and families to ensure learning continues for those who are self-isolating.

The individuals who tested positive, as well as all close contacts as determined by Public Health, must complete their isolation period and be able to pass the [COVID-19 Self-Assessment Tool](#) before returning to school.

If you have any questions, please visit the [Brant County Health Unit Website COVID-19 information page](#) or you can reach out to us at the school.

Thank you.
