

Family and Community Communication – Confirmed Case of COVID-19 in School Community

March 21, 2021

Good Evening Families,

This is Darren Duff, Principal of St. John's College. I'm reaching out with an important message.

Today, the Brant County Health Unit confirmed a case of COVID-19 in our school community. Understandably, for privacy reasons, the identity of this individual will not be disclosed. This individual has been directed by the health unit to self-isolate.

Please note: the Brant County Health Unit did NOT identify any close contacts within our school community to this COVID-19 case as the individual was not in contact with any other school community individual during their period of communicability

If the Health Unit identifies that a case has screened positive for a variant of concern (VOC) we will post that information, when it is shared with us, on our COVID-19 [Reporting by Location](http://www.bhncdsb.ca/page/covid-19-reporting-location) webpage (<http://www.bhncdsb.ca/page/covid-19-reporting-location>). Please note that VOC screening results take 3-4 days after the positive test result is received. Further information about variants of concern can be found at www.bchu.org.

If further students or staff are impacted, the Brant County Health Unit will let us know as soon as possible.

As always, all St. John's College students and staff are asked to monitor their health. If symptoms consistent with COVID-19 develop, or you feel that you may have been exposed to COVID-19, please contact your primary health care provider as you may need to be tested.

Our school remains open to all individuals, not asked by Public Health to self-isolate. Brant Haldimand Norfolk Catholic District School Board custodians continue to complete their disinfecting of our school throughout the day and each evening.

The individual who tested positive, as well as all close contacts as determined by Public Health, must complete their isolation period and be able to pass the [COVID-19 Self-Assessment Tool](#) before returning to school.

If you have any questions, please visit the [Brant County Health Unit Website COVID-19 information page](#) or you can reach out to us at the school.

Thank you.
