

Family and Community Communication – Confirmed Case of COVID-19 in School Community

December 22, 2020

Good Afternoon St. Patrick's, Caledonia Families,

This is Danielle Becks, Principal of Patrick's Catholic Elementary School. I'm reaching out with an important message.

This afternoon, the Haldimand Norfolk Health Unit confirmed a case of COVID-19 in our school community. Understandably, for privacy reasons, the identity of this individual will not be disclosed. This individual has been directed by the health unit to self-isolate.

Upon receiving this news, we provided contact information for students (class cohort) and staff to public health. Over the next 24 to 48 hours, the Haldimand Norfolk Health Unit will be in direct contact with these individuals as they work through their contact tracing. The health unit will provide further direction and next steps to these individuals.

The Ministry of Health mandates public health units to be in contact with known close contacts within 24-48 hours of being made aware of them. The local public health unit may not be aware of all contacts at the time you receive this communication, as they require time to conduct the investigation with cases.

If you have any questions, please visit the [Haldimand Norfolk Health Unit Website COVID-19 information page](#) .

Thank you.
